Braveheart Capes

Braveheart Capes remind children of their own super-powers, of their talents and gifts that are already inside them.

We hope our capes give every child that wears one the courage to be themselves in a world that tells them to be somebody else. Each time they face that fear they gain strength, courage and confidence in who they are and how they do things.

We have also made a range of capes for your child's favourite toy. A child with his teddy together in matching capes are invincible.

Out The Box Learning Centre

We cater for children from the ages of 6 years and older who require specified programs designed for their specific needs. Children work at their own pace, with no set classes or age groups. We have a fresh, adaptable style of teaching with the main focus being on the social, motor and general life skills, behaviour management and functional academics in order to increase the overall independence and day-to-day functioning of each child.
