Dynamic Seating for Complex Seating Needs

Netti Dynamic System is an advanced mobility aid for disabled users affected by dystonia with extension movements resulting in very strong spasms and contractions which affect the user's muscle-bone apparatus causing joint dislocations and challenging the strength of the wheelchair.

With **Netti Dynamic System** you can achieve a more relaxed sitting position as our wheelchair is dynamic and will follow the users movement of both upper and lower body.

Firefly Bath Chair

Splashy is a portable bath seat for kids with disabilities. It makes their bath-time a ton of fun and a lot easier for grown-ups. You can even take it outside for messy games, to the beach, or on your next roadtrip to granny's house. Suitable for children aged 1-8 with a maximum user weight of 30kg.
